

GAIN WATER EXPERIENCE AND CONFIDENCE

Holes allow water to seep through the float to introduce young children to swimming

FLEXIBLE DESIGN

Easy to manipulate for different pool and water activities

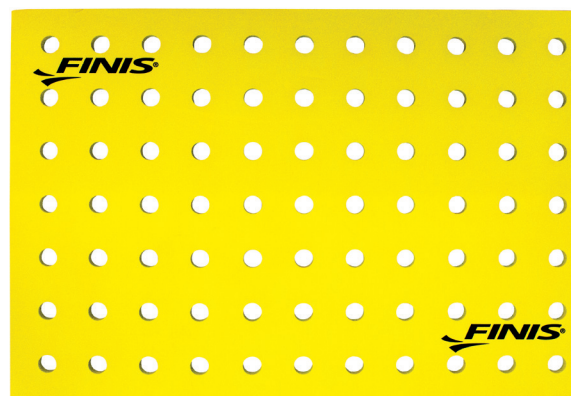

EVA FOAM

Provides durability and prevents skin irritation

USE ONLY WITH ADULT SUPERVISION

DIMENSIONS

Large: W 50 in (127cm) x H 35 in (89cm)
x D 1 in (2.5cm), 1.57 (4cm) in holes

PRODUCT DESCRIPTION

Safe and fun learn-to-swim tool for swim classes, recreational poolside or open water. High-density EVA foam provides optimal buoyancy, and the holes allow water to seep through so children can build water confidence. Should only be used under adult supervision. Dimensions: W 50" X H 35" X D 1".
